**Santa Rosa Beach, FL**— The Florida Department of Health invites you to join The Florida Department of Health in Walton County officials, State Surgeon General and Secretary of Health Dr. John Armstrong, and community leaders as we celebrate exemplary water quality and healthy beach activities in Walton County. Come see how we test water quality, hear what sets Walton County apart and jump in a kayak for a tour where you'll see firsthand the beautiful landscapes available to residents looking to participate in outdoor activities.

The Health in All Places Tour is a chance for state, local and community leaders to come together to highlight what each coastal county has to offer when it comes to health. County Health Departments are located in each county that are charged with promoting health and providing necessary health services to their communities. This tour is a chance to highlight those services and how they move health forward in communities across Florida.

**WHAT: HEALTH IN ALL PLACES TOUR**

**WHEN:** Tuesday, August 18, 2015  
3:00 p.m.

**WHERE:** Grayton Beach State Park

357 Main Park Road

Santa Rosa Beach, FL 32459

Please wear sunscreen and bug spray so you can enjoy the event and activities safely.

**About the Florida Department of Health**

The department works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
